Oils, traceability and guarantee

Different flavors

100% Spanish

Oils tested by professionals in the cosmetic sector.

2 in 1

Specially created for cosmetics use or as food ingredients.

A lot of flavour

We control the whole process from the field to the bottle. Traceability and guarantee.

Traditional Recipe

Your recipe will always be the same. Same quality in aroma and colour throughout the year.

Coupage

In olive oils always use coupage with extra virgin olive oil.

Different Uses of Oil

We have a type of oil adapted to each use.

EXTRA LIGHT OLIVE OIL

RS PLASTIC PET

A special olive oil with an extra light taste. It has a clean taste with no bitterness and has nuances of fruits such as apples, tomatoes, or bananas.

The oil is developed from a blend of olives, usually 'Arbequina', 'Hojiblanca', and other autochthonous types. These are difficult to find because of their perfection and durability.

GOURMET

GOURMET TEMPTATION RS

The Extra Virgin olive oil reserve of the family. It comes from the first crop of the year with a limited production commencing from the first month of harvest. It is usually a gold colour with shades of an intense green. On the nose there are hints of tomato intertwined with aromatic plants and an appetizing aroma.

GRAPE SEED OIL

RS OVAL BOTTLES

Grape seed oil is excellent for frying because of its remarkable heat stability and the desirable butter taste.

Whether as a salad dressing, or for baking, grilling, or frying, our grape seed oil retains the original flavour of foods. It imparts no after-taste, permitting the full flavour of the dish to be appreciated..

OLIVE POMACE OIL

RS GLASS JARS WITH HANDLE

Pressed pomace oil at controlled temperature, 0.2% acidity, a fruity aroma, reminding us of mature tomatoes, with soft apple and almond flavours, but with personality, without bitterness or itching, and clean to the mouth.

Advantages: Special for frying, little taste, but enough thanks to the Extra Virgin that gives a subtle bouquet.

It differs from other olive oils thanks to the percentage of refining it carries and the quality of the Virgin Extra, generating less smoke and maintaining the colour more time than other conventional oils.

ORGANIC APPLE CIDER VINEGAR

ORGANIC APPLE CIDER VINEGAR

RS raw apple cider is made from organically grown apples from Spain. It is unfiltered and unpasteurized allowing it to retain the natural fermentation residues and the "mother" enzymes. The 'Mother' consists of strands of proteins, enzymes, and friendly bacteria that give the product its murky appearance.

It is rich in potassium and enzymes.
Supports a healthy immune system.
It helps control weight.
Promotes digestion and PH balance.
Helps soothe dry throats.
Helps eliminate toxins from the body.

Recipes

Great variety for a multitude of recipes.

Bouquet

Vinegars with maximum bouquet for all types of dressing and sauce.

Warranty

Vinegars with D.O. To ensure quality.

SUNFLOWER OIL

RS PLASTIC PET

100% refined Sunflower Oil. The argument that supports us: what is important is the selection of the oil where, as in all products, not all oils are the same, nor are they refined in the same way. They need to perform consistently when frying. We analyse the samples to ensure the customer obtains the oil of the highest quality, with the maximum of monounsaturated fats and polyunsaturates and eliminating those components that affect the frying.
